Higrad Solar & Energy Solutions, formed by a team of professionals is driven by a simple goal of providing affordable renewable energy solutions to every consumer around the globe. The firm was established in the year 2019 in Kerala of India. The Company is into design, supply, installation, commissioning, operation and maintenance of renewable energy systems primarily solar power solutions. Our aim is to generate energy for the future. Solar power remains the most secure source of energy for the future and we set global standards in achieving this goal. As a photovoltaic system integrator we design, develop, plan, install, commission and operate domestic, commercial, utility-scale and industrial photovoltaic plants. Higrad Solar places special emphasis on the “on-time and on-budget” construction and delivery of solar power plants, optimized to deliver superior output. Since its inception, the firm has installed a cumulative capacity of more than 1000 kW of Solar Power Plants in Kerala. Higrad Solar is committed to deliver quality products and services with a mission to take solar power to unparalleled standards. Continuous technological innovations, proven expertise and customer centric approach enable Higrad Solar to bring cost effective, sustainable and innovative solutions to satisfy a broad spectrum of customers. We provides services to the clients in- Design, Engineering, Procurement Construction, erection, commissioning, installations, testing and maintenance of solar power plant.

## ON-GRID SOLAR PLANT

We Provides you with a superior range of EPC solutions for residential, commercial & industrial solar projects. As a government approved vendor (MNRE), we perform as a reputed EPC for MNRE Subsidised residential solar projects & that are backed by top class engineering skills. We focus on the expertise and priority after sales service that makes us a trusted name in the solar industry. We have a proven track record of delivering high quality solar solutions that meet the needs and exceeds the expectation of our customers.

**MNRE Subsidy  
Rs 78,000/-  
(3KW onwards)**

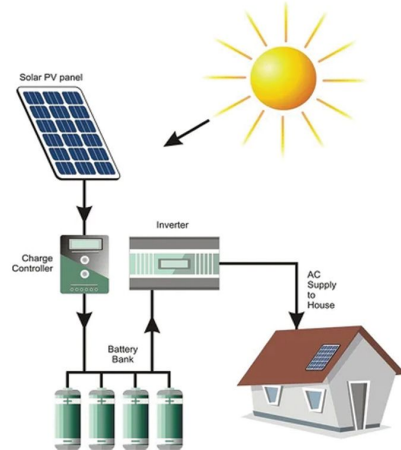

- Solar Hybrid System
- Solar On-grid System
- Solar On-grid System with Micro Inverters
- Solar Off-grid System
- Solar Inverters
- Solar Water Heater
- Stainless Steel Water Tank
- Inverters
- Lithium & Tubular Battery

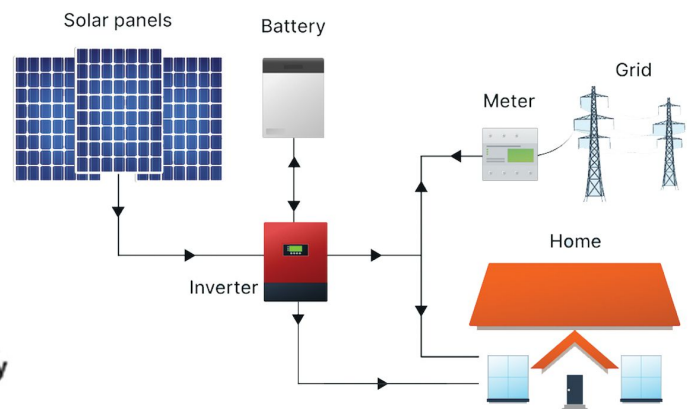

भारत सरकार  
Government of India  
नवीन और नवीकरणीय ऊर्जा मंत्रालय  
Ministry of New And Renewable Energy

**PM - SURYA GHAR: MUFT BIJLI YOJANA**

## OFF-GRID SOLAR PLANT

## HYBRID SOLAR PLANT

- Topcon solar panels
- Bifacial solar panels
- Monoperc Half cut solar panels
- String Inverters
- Hybrid Inverters
- Microinverters
